B20 CROSS-THEMATIC GROUP RESPONSIBLE BUSINESS CONDUCT & ANTI-CORRUPTION

Promoting Integrity by Creating Opportunities for Responsible Businesses

Dr Klaus Moosmayer

Chairman of the B20 RBC&AC Cross-thematic Group
Chief Compliance Officer, Siemens AG
Anti-Corruption Chair of Business at OECD (BIAC)

“Positive change is driven by transparency, accountability and openness to new ideas”

An important aspect of Responsible Business Conduct is fighting corruption. Corruption reduces efficiency and increases inequality. It distorts the efficient allocation of resources. It raises the costs of doing business. It undermines the trust in governments and erodes the rules of law.

According to the World Economic Forum the cost of corruption equals more than five percent of global GDP (US\$ 2.6 trillion). Much has already been done to fight corruption. But we can do better.

B20 Germany thus decided to establish a Cross-thematic Group on Responsible Business Conduct and Anti-Corruption.

“Building alliances against corruption helps to prevent competition from being distorted by corruption

We call these efforts “Collective Action”. The ultimate goal is to establish a level playing field”
